British Columbia Regional Specialty Show**  
**Date: May 8, 2004**  
**Judge: Irmgard de Haan, Netherlands**

---

On the 8th of May 2004 I had the pleasure to judge at your BC Championship Show our beloved breed, the Irish Wolfhound.

I was very honored to get the invitation and was pleased that many wolfhounds were presented to me at this wonderful venue.

My overall impression was that strange enough, the males presented on the day were of a better quality than the bitches and normally it is the other way around. On the other hand it is a good sign that males are improving and it can give you more choice to find a sire you like.

The overall temperament was good, but there were some dogs with a tendency to shyness and this is atypical for an Irish Wolfhound: Great Size and COMMANDING APPEARANCE is what the Standard says! And please keep this in mind.

I was very pleased with my Winners and reserve Winners, they are true Irish Wolfhounds, showing strength and power to do the job.

I would like more arch over the neck on the majority of the hounds as well as better feet, I saw too many flat feet, please work on this. Exercise on a concrete floor will give them better feet and more muscles at the rear.

Before starting my individual comments I would like to thank my Ring-stewards for her efficient help and all the exhibitors for their Sportsmanship.

Hope to meet you again one day.

Irmgard de Haan.

"Maddy" will be 11 years old 2 July 2004. She is doing quite well as the last survivor of her litter and is still full of energy although it doesn't last as long as in the past! She is a much loved and spoiled hound, she's allowed to be bossy and her every demand is met. She loves her grub, her walks and her bed and shows great affection towards her humans. Maddy says — "I hope to see everyone at the 2005 Specialty."

208 Evita F Listed unknown Breeder: unknown unknown X unknown Elsewhere Owners: B Clark, P Dunn Evita must be in the region of 9 years old. Originally brought from Europe for the film "The 13<sup>th</sup> Warrior" (she was replaced by Pauline Govaert's 'Connor') she needed a home when the film wrapped and her present Moms lucked out. Very shy and frightened at first they have watched her learn to trust, to enjoy life and become a fun loving and 'water crazy' hound. Her humans have been awed at the very real grief she has shown at the loss of her 'buddy' Bessagh. Evita is truly special.
