Juvenile Sweepstakes

Junior Puppy Male

1<sup>st</sup> G and S Humphreys Hawkhaven Hydref Macdrew

7 month old attractive youngster. Balanced head on a long strong neck, correct bite. Super bone for his age. Well angulated in front. Deep chest, long body, correct topline, well laid croup. Good turn of stifle. Moved well.

2<sup>nd</sup> R Ricards' Hawkhaven Hydres Keiran

Pleasing youngster of correct breed type. Lovely head with a super dark eye. Long neck. Not so well angulated in front as winner. Super length to ribcage. Balanced rear angulation. Moved a little close behind.

3<sup>rd</sup> A and J Baird's Glenamadda Wolfholm G Hunter

Wheaten youngster at his first show who needs time to settle. Super head, correct pigmentation to compliment his colour. Strong bone. Topline needs to settle. Adequate angulation all through. Pacing on the move.

Senior Puppy Male

1<sup>st</sup> J and E Kroll's August Black Diamond.

A super example of a youngster. Typical head, correct bite. A little light in eye. Nice rose ears atop a neck of good length. Well constructed in front. Brisket will drop with maturity. Good topline, lovely turn of stifle. A little steep in croup at the present time. Moved soundly with drive. Deserved the Best of Sweepstakes.

12 - 15 Month Male

1<sup>st</sup> J and S Bradbury and E Ross' Cnoccarne Michael Collins AGH

Well grown youngster with a nice head, correct bite and well carried ears. A little light in eye. Level topline. Needs more angulation all through. Movement was not easy and active.

## Junior Puppy Female

1<sup>st</sup> G and S Humphreys Hawkhaven Hydref Emmagh

Super young lady typical of the breed. Feminine head, correct bite, dark eye, ears a little large. Excellent front assembly. Long upper arm. Good bone. A little short on leg. Long ribcage. Short coupled. Super rear angulation, correct lay of croup. Moved a little close. Best Opposite Sex Sweepstakes.

## Senior Puppy Female

1<sup>st</sup> J and E Kroll's August Opal

Lovely bitch, feminine head, correct bite, dark eye, lovely ear carriage. Sister to senior male. Well angulated in front. Long body reasonable angulation in rear. Super width through thigh. Moved well.

## 12 – 15 Month Female

M and T Berry and E Ross' Cnocarne Berrybriar Sophie B

12 month old tall young lady with attractive head. Correct bite. Long well muscled neck flowing into well laid shoulders, Long ribcage. Short loin. Balanced rear angulation. Moved well with drive.

2<sup>nd</sup> G and S Humphries Taryn Jocelin of Hawkhaven

15 month old nice type of bitch though head is a little plain. Dark eyes, correct bite, rose ears. Adequate front construction and rear. Long ribcage. Moved a little close in front and behind.

3<sup>rd</sup> G and J Venikouas and E Ross' Gnoccarne Grace O' Malley

12 month of age. Very feminine all through. Head enhanced by a dark eye. Correct bite. Long neck. Needs to deepen in chest. Adequate angulation and good width throughout. Crisp coat. Moved soundly.

4<sup>th</sup> L and D Ashton and E Ross' Cnoccarne Anne Bonney AGH

12 months of old wheaten bitch with lovely pigmentation. Eyes a little light but acceptable. Large ears. Lovely deep chest and spring of rib. Correct length and proportions to body. Balanced angulation all through. Good width through the hocks. Moved soundly.
